DETAILED ACTION

- 1. As stated in the previous office action, applicant must file a new declaration including a statement of error that is specific enough to encompass all of applicant's amendments to this application as set forth in MPEP 1414. The statement of error must describe at least one error being corrected using language that is as specific as 37 CFR 1.175(a) and as set forth in MPEP 1414. The new declaration must have at least one example of the language that is being omitted to make at least one pending claim. Merely stating that applicant omitted broader claims and that applicant is including more non-means plus function language does not satisfy the requirement. The statement of error must cover the changes made in the latest amendment with an "all errors not covered by a previous declaration arose without deceptive intent" statement in the new declaration.
- 2. Claims1-4, 6, 8 -14, 18-31, 33-44, 46-59, 61-76, 78-90, 114, 115, 118-123, 148, 149, 153-162, 164, 165 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
